

## B Appendix 16

### Amelia Earhart Fellowship Program

The idea behind the program is to advance the status of women through encouragement and financial support of women pursuing PHD or doctoral degrees in aerospace related sciences or aerospace related engineering. The Fellowships, established in 1938 as a living memorial to Zontian and aviator Amelia Earhart, encourage women to expand their career options beyond traditional boundaries.

Since the inception of the program in 1938 there have been more than 1438 fellowships totaling more than USD 8, 6 million given to 1014 Fellows from 70 countries.

### District XIII and District 13 AE Fellows

- 1981 a Finnish recipient
- 1984-85 Aslaug Haraldsdottir, Iceland.
  - She attended the University of Michigan and her field of study was mechanical engineering.
- 1984-85 Gunilla Kreiss, Sweden
- 1985-86 Lone Appel, Denmark
  - She attended Copenhagen University and her field of study was astrophysics.
- 1985-86 Aslaug Haraldsdottir, Iceland
  - She attended the University of Michigan and her field of study was mechanical engineering.
- 1985-86 Marie Finnström, Sweden
- 1991-92 Hilde Erlandsen, Norway
  - She attended the University of Oslo and her field of study was astrophysics.
- 1993-94 Hilde Erlandsen, Norway
- 2004-05 Hrefna Marie Gunnarsdottir, Iceland
  - She attended Stanford University and her field of study was electrical engineering.
- 2008-09 Norway
  - She attended University of Oslo and her field of study was nuclear science.
- 2014-15 Lonnie Grove Petersen, Denmark
  - She attended University of Copenhagen. Her field of study was biomedical science
